Marylebone Rifle + Pistol Club 1906-1976

It gives me much pleasure to write an introduction to this Brochure, mainly because I have always been interested in Competitive Pistol Shooting and in watching its growth in our Club over the last 30 or so years. From very modest beginnings it has now become a very popular International Sport.

This popularity, I think, is very largely due to the high degree of skill necessary to become a first class shot, a skill which in many cases is natural, but can also be attained by keen and constant practice.

This open meeting at the ranges at Bisley, in the heart of the beautiful Surrey countryside marks the 70th anniversary of the Marylebone Rifle and Pistol Club and is the most ambitious event that the Club has yet proposed. We expect many competitors both from this Country and Overseas and to all who come and especially those from abroad, we extend a very hearty welcome. May they enjoy the shooting and find our programme fulfils their desires.

It is impossible to run a three day Pistol Meeting without the wholehearted co-operation of and assistance of not only our Executive Committee, but also the large number of individual Members who will willingly devote many hours of their time towards making this a successful Anniversary Meeting.

I sincerely thank you all, Members and friends of Members who have contributed so generously to the Prize List. I hope this Meeting will encourage other Clubs and Associations to run similar events at Bisley or their Regional Ranges.
