# THE PHOENIX AND OPEN MEETINGS 2013

Sponsored by

## Welcome to Phoenix 2013

First of all, I'd like to thank our sponsors, particularly our headline sponsor, *Midway UK*, for their generous support. When you buy goods or services from them, please let them know you appreciate their involvement.

A big thank you to the Range Officers and other volunteers and staff who give up their time to make sure you have a good time. Please don't forget to thank them when you pick up your cards or leave the range – it is appreciated.

A final thank you goes to you - the shooter. You are the whole reason for putting on the Phoenix and it wouldn't happen without you!

Make sure you read the booklet to find out what you can and can't do and how to compete in any events you are unfamiliar with. I have highlighted some changes for this year below – please check them before you enter.

I hope we all enjoy the weekend and I hope you come away with a smile and a medal or two!

Chris Farr  
Meeting Director

## Some of this year's changes:

### *Long Range events*

Quite a few changes in the Long Range Pistol events with some removed and some with different firearm or target conditions on the advice of ILRPSA. Also the .303 rifle events are split into any sights and 'as issued' in response to your requests.

### *Target Shotgun*

Some changes including revised gun types. There is also a TSG Rulebook as part of the Bisley Bible now.

### *Swingball Steels Action*

A new two person shoot off for .22 rifles and pistols. You'll find it on Stickledown on the Speed Steels range.

### *Muzzle breaks and HME ammunition*

Please make sure you tell us in advance if you want to use a rifle with a muzzle break or will be using HME ammunition.

# FDPC Open Competitions 2013

## The 'Western Winner' 1500

A Classified 1500 Match for GRCF, GRSB, LBR & LBP

Friday 10th and Saturday 11th May at the  
Bristol & District Ranges in Failand, Bristol

## WCSA GR Championships

An Unclassified Match for GR 'Shorts' events

Saturday 27th July at the IR1A ranges  
Warminster

## The FDPC Rimfire Festival

A Fun Event, limited to 30 entries

Saturday 6th July at the Bristol & District Ranges in  
Failand, Bristol

For more details about these competitions and others taking  
place in 2013 please visit [www.fdpc.org.uk](http://www.fdpc.org.uk)

# GENERAL RULES AND INFORMATION

The rules of the National Rifle Association, as published in the 2013 Gallery Rifle & Pistol Handbook (available for download from the NRA website) and the 2013 edition of the Rules of Shooting (the Bisley Bible), will apply. The decision of the Meeting Director will be final in all matters.

## ACCOMMODATION

If you require accommodation at Bisley, please apply directly to the NRA, preferably by email to [accommodation@nra.org.uk](mailto:accommodation@nra.org.uk). If this is not possible please call 01483 797777, extension 152.

## AMMUNITION

Please use lead or fully jacketed, and not hollow or soft point, ammunition. Otherwise, you risk disqualification. Competitors must be able to show that any ammunition they use complies with the definitions of non-expanding ammunition set out in the Firearms Acts.

Centrefire ammunition must comply with the range safety certificate but only target loads are needed at the shorter ranges up to 50 metres. Excessively noisy ammunition can be intrusive for other competitors. Please bear this in mind before making or purchasing ammunition.

Magnum, armour piercing, high velocity or jacketed rounds are not permitted on steel plate targets. Limits on power and speed will be enforced. These will apply to both Centrefire and Smallbore; random testing with a chronograph will take place on the range. Failing this test will result in disqualification. The limits are as follows:

Centrefire: (lead bullets only)

Bullet weight over 200 grains: maximum velocity 1000 feet per second

Bullet weight 200 grains or less: maximum velocity 1200 feet per second

Smallbore: maximum velocity 1300 feet per second

If you require ammunition or firearms hire please apply directly to the NRA, preferably by email to [armoury@nra.org.uk](mailto:armoury@nra.org.uk). If this is not possible call 01483 797777, extension 134. To hire firearms you must be a full member of the NRA.

## CLASSIFICATIONS

If a competitor starts a meeting with a classification in any of the following events, it will not alter until after the meeting. Events 07xx, 09xx, 11xx, 13xx, 15xx, 17xx and 19xx.

There is no 'unclassified' class. Each event has a separate classification and a previously unclassified competitor in any of these events will automatically be

classified according to the score achieved on the day (however, see “Bianchi Tyro” above).

If you are unsure about your classification or GalleryRifle ID number (GRID) you can check it via the on-line database at <http://galleryrifle.com> or via the NRA. Please contact the NRA at [galleriesquadding@nra.org.uk](mailto:galleriesquadding@nra.org.uk).

## CLUB TEAMS

Club team events are open to teams of two or four shooters, all of whom must belong to the same local club; this must be the club declared on the entry form. ‘Scratch’ teams with members from different clubs are specifically not permitted. ‘Meta’ teams made up of members from national associations or clubs are also not permitted. If in doubt contact the meeting organisers. The team entry must be made and the team members declared before the first member of the team shoots the event. Each shooter must enter the appropriate individual event; the score will carry forward to contribute to the overall team score (i.e. the event is not shot separately for a team score). All scores will count. Each member of the team can shoot at any time during the meeting. Gold medals will be awarded to all members of the winning team - no silver or bronze awards will be made. (See PRIZES AND TROPHIES below.) The team events are:

### Teams of 4

		Shot concurrently with
0101C	25m Precision GRSB	0101
0102C	25m Precision GRCF	0102
0701C	Timed & Precision One GRSB	0701
0702C	Timed & Precision One GRCF	0702
1101C	Multi-Target GRSB	1101
1102C	Multi-Target GRCF	1102
1501C	1500 GRSB	1501
1502C	1500 GCRF	1502
1901C	Advancing Target GRSB	1901
1902C	Advancing Target GRCF	1902

### Teams of 2

		Shot concurrently with
5784C	.303 Rifle any sights 100/200/300yds	5784
5984C	.303 Rifle any sights 400/500/600yds	5984
6184C	.303 Rifle any sights 800/900/1000yds	6184
5785C	Sporting Rifle 100/200/300yds	5785
5986C	F Class Open 400/500/600yds	5986
5988C	F class TR 400/500/600	5988
6186C	F Class Open 800/900/1000yds	6186
6188C	F Class 800/900/1000yds	6188

## **DRESS CODE**

Please refrain from wearing red items of outer clothing. This colour has been reserved for the Range Officers to make them clearly identifiable on the range.

## **INTERNATIONAL TEAMS - PHOENIX MEETING**

International team events are open to teams of five shooters nominated by a recognised national shooting organisation in their own country. 'Scratch' teams with members from different nations are specifically not permitted. The team entry must be made and the team members declared before the start of the meeting. Each shooter must enter the appropriate individual event; the score will carry forward to contribute to the overall team score (i.e. the event is not shot separately for a team score). The top four scores will count. Each member of the team can shoot at any time during the meeting. Gold medals will be awarded to all members of the winning team in each event only. There are two international team events in the Phoenix Meeting. One is an aggregate of Timed & Precision 1 GRSB (0701) and Multi-Target GRSB (1101); the other is an aggregate of the two equivalent GRCF events (0702 & 1102).

## **EVENT DESCRIPTIONS**

A description is provided later in this booklet for each event being shot at meetings in 2013. For those events which appear in the GR&P Handbook, the courses of fire are not duplicated in this booklet.

## **FIREARM CONTROL**

All firearms are required to conform to the conditions specified for each event. For these conditions, please refer to the details given in the NRA GR&P Handbook and in this booklet or to general rules published for specific disciplines. If there are any apparent conflicts between conditions, this booklet will take precedence.

## **FIREARM DEFINITIONS**

The standard definitions of Light Sport Rifle, Long Barrelled Revolver, Long Barrelled Pistol, Gallery Rifle Centrefire and Gallery Rifle Smallbore, as laid down by the NRA in the 2013 GR&P Handbook and in the 2013 edition of the NRA Rules of Shooting (the Bisley Bible), apply at these meetings.

All shotgun events at the meetings require the use of a Section 1 shotgun and solid slug ammunition (only). A magazine capacity of at least 6 rounds is recommended.

If you are in any doubt as to the eligibility of a particular firearm, you are strongly advised to contact the NRA before the meeting. Areas which may need clarification include types of sights, artificial aids to shooting, types of action, eligible calibres etc.

## **FIREARM SAFETY**

The NRA firearm safety rules, as published in the 2013 GR&P Handbook and the

2013 Bisley Bible apply at these meetings. Anyone breaching these rules will be subject to the disciplinary procedures laid down in the 2013 GR&P Handbook.

## **FIRST AID**

An ambulance and first aid facilities will be provided in the central area of National Shooting Centre and can be contacted through any Chief Range Officer or NRA Control.

## **MUZZLE LOADING - PROPELLANTS**

Some events are open to firearms using any propellant for which the firearm is appropriately proofed. If your firearm is proofed for black powder only and is a modern reproduction or is of modern design, you may only use 'Pyrodex' if this is in accordance with the guidance given by the manufacturer of the firearm. If you are using an original firearm then black powder must be used unless the firearm been re-proofed for modern nitro powders. You may be prevented from using any firearm or load if either is, in the opinion of the Chief Range Officer, unsafe.

You may only use smokeless propellants if your firearm is nitro proofed.

## **PHOENIX INTERNATIONAL MATCH**

On Melville on the Monday, teams of five from the UK, Germany, the Republic of Ireland and the Republic of South Africa will compete in the Phoenix International Match. The competition will consist of a full 1500 GRCF preceded by a Match 5 warm-up. Those of you selected for the teams will know you have been selected by the time you read this booklet, as will those who are to be range crew for the event. Anyone else who wants to come along and support their team is more than welcome. The competition starts at 0915 and finishes at about 1200, following which there will be a prizegiving in the Army Clubhouse.

## **PHOTOGRAPHY**

Please do not take photographs or videos on the ranges without first asking permission of the Chief Range Officer and the people in the picture.

Professional photographers must be in possession of a 'Photography Permit', which is obtainable through the NRA Reception.

## **PRACTICE AND ZEROING**

There will not be any ranges specifically available for practice purposes but zeroing facilities will be made available on Melville Bay A at 50 metres. A target face provided by the competitor may be used so long as it is not of a design used in any of the events at that meeting. A session will allow ten minutes for a competitor to zero a gun and cost £1. Pay on the range and sign in and out with your name and times. You may not case your gun(s) or leave the range without the permission of a Range Officer.

## **PRIZES AND TROPHIES**

Meeting medals will be awarded to first, second and third places in each event subject to entries. If there are five or fewer entries only a gold medal will be awarded. If there are six to ten entries a silver medal will be awarded. If there are more than ten entries a bronze medal will be awarded. Should there be only one entry in any event or class no medal will be awarded

Medals will be awarded by class for classified events (see CLASSIFICATIONS above).

There are also trophies to be awarded to the winners of some events.

The prize giving will be held at 1800 on the Sunday of the Phoenix Meeting and the GR&P National Championships Meeting. Gold medals, trophies and prizes will be awarded; silver and bronze medals will be sent out by post.

## **RANGE COMMANDS**

To reduce potential confusion on range, range commands have been standardised as far as is practical. The default range commands are as follows:

1. 'LOAD AND MAKE READY'
2. 'ARE YOU READY?' Silence will be taken as agreement – any competitor who is not ready should call 'NOT READY' and raise one arm, after which the Chief Range Officer will confirm 'NOT READY CALLED' and wait for the competitor to sort things out before proceeding with another call of 'ARE YOU READY?'
3. 'STAND BY'
4. A few seconds later, the event will start. This will be signalled by the facing of turning targets, a whistle, a hooter, or some other signal as briefed by the Chief Range Officer.
5. 'STOP, STOP, STOP' On hearing this command – at ANY point during the event – the competitor must cease shooting immediately, continue to point the gun in a safe direction, and wait for further instructions.
6. 'UNLOAD AND SHOW CLEAR'

Any variation to these range commands will be explained by the RO while briefing the course of fire at the start of the detail.

## **RANGE REPORTING TIMES**

For squaddied events, competitors must report to the range at least 10 minutes before the time indicated on their squadding notice. Details will start on time and no competitor will be permitted to join a detail after the event has started. Competitors are expected to shoot on the detail on which they are squaddied - if you miss this detail it will be up to the Chief Range Officer whether you are allowed to shoot at a later time.

## **RECORDS**

Phoenix Meeting Records are shown for all events, except where event conditions have changed this year. British Records are also shown, though these are only maintained for the classified events.

## **RE-ENTRIES**

Second entries, re-entries, etc, may be permitted but only if there is available range space after having shot your match. The score on the first entry will be the only one to count. Re-entry scorecards will be available from Reception. This does not apply to event 6580 (McQueen) where multiple re-entries may be made (in Reception or on the range) to achieve a higher score for the event.

## **REFUNDS**

Entry fees will be refunded, less an administration fee of £5, if written notice of cancellation is received at the NRA one week prior to the meeting for Spring Action Weekend, GR National Championships and Autumn Action Weekend.

Phoenix refund requests must be received three weeks prior to the meeting.

Any requests for refunds after these dates are at the discretion of the Meeting Director.

## **REGISTRATION**

Whether or not you have sent in an entry form before a meeting, please make Reception in the NRA main building your first point of call on arrival. There you will be given your scorecards and competitor's badge. No competitor will be allowed to take part in any event without a competitor's badge and, in the case of squadded events, a scorecard. If you have not sent in an entry form before the meeting, you will be required to sign a declaration before being issued with a competitor's badge. If you want to enter more events or enter on the day, an early visit to Reception will increase your chances of getting a place.

## **SAFETY**

There is no room for compromise on safety issues. All competitors are required to wear hearing and eye protection (unless otherwise stated in individual event conditions). Spectators are strongly advised to do likewise and will be required to wear them within certain clearly marked areas. The NRA will not be liable for any injury sustained through the lack of appropriate protection.

## **SCORECARDS, STATS AND CHALLENGES**

A scorecard will be issued for each event entered. The majority of scorecards require only that the number of hits of each value be recorded – calculation of actual scores will be carried out by Stats. The Stats portion of each card must be completed, signed by both the competitor and a witness, and handed to the RO

for submission to Stats. When a competitor feels that a shot fired by themselves or by another competitor has been improperly evaluated or scored, they may make a challenge. Such a challenge must be made immediately upon announcement of the score and resolved on the range.

Interim results will be posted on the scoreboards adjacent to NRA HQ throughout the meetings. Challenges to scores in the Interim results can be made at any time through Reception. Provisional results will be posted for each event once it has closed and all scorecards have been input. A time limit will be shown for challenges to Provisional results, after which the Final results will be posted and no further challenges will be accepted.

NB All competitors MUST ensure that their name and competitor number are printed clearly in the appropriate boxes on each scorecard – every year Stats is forced to throw away unidentifiable scorecards.

All scorecards are colour-coded according to gun type. The aim of this is to make it easier for you to pick out the correct scorecard when you are shooting the same competition with more than one gun type.

### **STANDARD MEDALS - PHOENIX MEETING**

Gold, silver and bronze standard scores are set for most events at the Phoenix Meeting. A competitor will be eligible for a Grand Master standards medal on accumulating a minimum of 20 points. (This increase of 5 points reflects the greater opportunities there are to earn points following the increase in events and those events which have standard scores set.)

Bronze standard:	1 point
Silver standard:	3 points
Gold standard:	5 points

Grand Master medals will be posted out to competitors after the meeting.

### **McQueen issued rifle sponsored by Bench Grade Brands**

We are very pleased to report the continuing support of Ewen Campbell of Bench Grade Brands who will be making his Desert Tactical Arms rifles available during this year's meetings.

They will be available for use and inspection on the firing point and competitors will be able to buy the specified ammunition there.

This is a popular event in which you are rewarded simply for your shooting skills, assisted only by these very accurate rifles

# EVENT DESCRIPTIONS

## 25M PRECISION – 0101, 0102, 0103, 0104, 0121, 0122

**Record score:** 0101: 285.7 (Neil Jones, 2011)  
 0102: 299.22 (Chris Thompson, 2011)  
 0103: 296.19 (Les Pearson, 2012)  
 0104: 297.14 (Kjell Middleton, 2010)  
 0121: 201.1 (Alan Podevin, 2012)  
 0122: 296.12 (Charles Sears, 2006)

**Course of fire:** *see GR&P Handbook*

<b>Standards:</b>	Gold	Silver	Bronze
0101:	270	265	260
0102:	296	291	286
0103:	296	291	286
0104:	295	290	285
0121:	210	200	190
0122:	285	280	275

## 25M PRECISION – 0123

**Gun:** any .177 air pistol conforming to current ISSF regulations

**Record score:** 264.1 (Andrew Fellerman, 2011)

**Course of fire:** *see GR&P Handbook (course of fire for 0123 is identical to 0121)*

**Standards:** Gold Silver Bronze  
 no standards awarded

## 25M PRECISION – 0141, 0142

**Gun:** 0141: Any muzzle loading pistol, any propellant  
 0142: Any muzzle loading revolver, any propellant

**Record score:** 0141: 145.3 (David Erskine, 2012)  
 0142: 140 (D Robinson, 2000)

**Target:** PL7

**Sights:** iron

**Position:** standing unsupported, one hand only

**Ready position:** unloaded

**Course of fire:** 15 shots + up to 5 sighters

**Sighters:** up to 5 shots in 10 minutes

**Practice 1, 2, 3:** each 5 shots in 10 minutes

**Note:** targets will be removed from frames at the end of each practice and scored by the ROs while the next practice is being shot  
 scoring will be to NRA rules, i.e. shots touching a scoring ring are awarded the higher of the two values

<b>Standards:</b>		<b>Gold</b>	<b>Silver</b>	<b>Bronze</b>
	0141:	137	130	125
	0142:	135	130	125

### **50M PRECISION – 0301, 0302, 0303, 0304, 0321, 0322**

<b>Record score:</b>	0301: 292.10 (Andy Ferrara, 2007)
	0302: 291.8 (Herb Teachy, 2010))
	0303: 284.2 (Les Pearson, 2012)
	0304: 280.4 (Kjell Middleton, 2012)
	0321: 280.4 (Mick Gault, 2007)
	0322: 256.2 (William Horne, 2006)

**Course of fire:** *see GR&P Handbook*

Standards:	Gold	Silver	Bronze

# Hearing Difficulties?

## Do you:

- ✚ Find it difficult to follow a conversation in a crowded room or restaurant?
- ✚ Have to ask for the TV to be turned up, or have others complain the TV is too loud for them?
- ✚ Feel that people are mumbling and frequently have to ask them to repeat themselves or speak up?
- ✚ Have friends or relatives complain that you can't hear them when they talk to you?
- ✚ Struggle to keep up in meetings or at work?
- ✚ Have a constant ringing or rushing sound in your ears, particularly at night or when you are tired or stressed?

If so, then you may possibly have a hearing loss and should have your hearing checked by a qualified professional.

A1 Hearing can offer impartial advice as to the options available to you both privately and on the NHS. If there are other issues affecting your hearing, such as excessive wax build up or other medical conditions you will be advised accordingly as to the appropriate course of action you need to take.

Carol Beecher R1AD FSHAA  
Hearing Aid Audiologist

## Why Choose A1 Hearing?

As a fully independent Hearing Aid Audiologist, registered with the Health Professions Council and a Fellow of the British Society of Hearing Aid Audiologists, and with over 30 years of shooting experience, I understand the risks of noise exposure on the hearing.

I am not tied to any one manufacturer or national chain, and can therefore offer completely impartial advice. With access to all the hearing aid manufacturers, I offer a greater range of products and services, and therefore have a greater chance of finding the right hearing instrument for you, your lifestyle, and your hearing loss.

Unlike a larger company, you will always get a personalised service from A1 Hearing. You will also get all the time you need for your consultation.

Buying a hearing aid is a life-changing experience that will impact on your life for many years. It is important that your Hearing Aid Audiologist takes the time to understand your hearing needs so that they can give you best support. You should be able to trust them to guide you and give you best possible advice as they will be supporting you with your hearing for years to come.

**Don't waste any time – call today to arrange your free consultation.**
